

Final Application/Installation Notice Program Year 2012, Version 20111118

Eligible Service Providers may use this form to notify the Program Manager that a project is complete and ready for inspection and/or final incentive processing. This form must be used with the latest version of Adobe Reader (available at <http://get.adobe.com/reader>).

Submit this form electronically to pvapps@frontierassoc.com with "FAF – [CUSTOMER LAST NAME], [CITY]" in the subject line. Send application materials as one package, not in separate emails, unless directed to do so by program staff. Due to the high volume of applications being processed, materials received separately may cause your application to be delayed or deemed incomplete. If you need to fax a copy of the signed signature page only, fax it to (512) 669-5624. For questions please contact the Program Manager.

1. Project Registration Number (assigned on acceptance of pre-approval form; appears on pre-approval letter)

Licensed electrical contractor who offered, performed and permitted electrical work for this project

Company Name: _____ License #: _____

2. Changes Since Pre-Application Approval

Have any details about this project changed from those presented in the project pre-application form and attachments? No Yes (resubmit changed pre-application submittals with changes highlighted)

Permanent ESI-ID or meter # (for new construction, if not already submitted): _____

3. Solar (or "REC") Meter Information

Make: _____ Model: _____ Meter #: _____

Starting kWh Value: _____ System Startup Date: _____

4. Additional Documentation Required

Check below to indicate each additional item is submitted along with this form.

- Copy of signed final customer invoice, indicating the:
 - Total price of the installation;
 - Total price of the installation, exclusive of battery bank (if different from above);
 - Incentive amount;
 - Amount due from customer (if any);
- Copy of signed interconnection agreement
- List of module and inverter serial numbers.
- Copy of customer warranty.
- Copy of local jurisdiction's UCC (or other proof indicating electrical work has been permitted and has passed local inspection if required; if not required, submit letter identifying and providing contact information for the applicable local jurisdiction).

5. Additional Incentives (Optional) Will the project owner receive, or does the project owner plan to receive, any additional incentives for this project? If so, describe each incentive source and value:

6. Service Provider Attestation

I hereby attest that all information submitted regarding this project is true and accurate; that it conforms to all Utility Solar PV Program guidelines, requirements, and eligibility limits applicable to equipment, installation, interconnection, customers, and contractors; and agree that the installation may be subject to physical inspection at any time.
