Disclaimer: This list shows Service Providers that are registered and in good standing with the Program as of the date of publication, and should not be considered, in any way, to be an endorsement, recommendation or promotion, either expressed or implied, of any of the Service Providers listed thereon by Entergy Texas or the Program Manager. (See full disclaimer language at www.txreincenatives.com/epv/contractors2.php.) We recommend you contact several Service Providers

NABCEP: The North American Board of Certified Energy Practitioners (NABCEP) offers voluntary professional certification of PV Installers in the U.S. We denote service providers as NABCEP certified if one or more of the Service Providers' employees is currently certified by NABCEP as a PV Installer.

Entergy Texas Service Area Map: The map at left shows the region in which Entergy Texas provides electric service. The map is intended to be a convenient reference for customers.
