Disclaimer: This list shows Service Providers that are registered and in good standing with the Program as of the date of publication, and should not be considered, in any way, to be an endorsement, recommendation or promotion, either expressed or implied, of any of the Service Providers listed thereon by Oncor or the Program Manager. (See full disclaimer language at www.txreincenives.com/opv/contractors2.php.) We recommend you contact several Service Providers and obtain several bids, evaluating the bids as well as the companies before deciding to move forward with your selected Service Provider.

NABCEP: The North American Board of Certified Energy Practitioners (NABCEP) offers voluntary professional certification of PV Installers in the U.S. We denote service providers as NABCEP certified if one or more of the service providers' employees is currently certified by NABCEP

Oncor Service Area Map: The map at left shows the regions within Oncor's service territory in which different Service Providers offer their services under the Oncor Solar PV Program. The map is intended to be a convenience to customers in locating nearby service providers. Regardless of regional listings posted here, any service provider may request program incentives for projects in any Oncor region. For description of each region see www.txreincenives.com/opv/contractors.php.
